A Better World for Every Girl

It has been very rewarding to see and hear about the different ways our GFWC Florida Clubs have involved themselves with the Hacienda Girls Ranch. Clubs large and small have been working to raise money, collect items, and even visit in person, reconnecting with our only ongoing Statewide project. I am humbled and proud at the same time to be part of this sisterhood. Make sure you formally report all your great efforts too. Reporting forms and deadlines are available online. If you have been writing notes as each activity and event occurs, you'll have the official report done in no time at all.

As a reminder, any and all things done regarding Hacienda are reported under "President's Project". When things are reported under President's Project the only other areas they can be reported in are Programs (if you had a presentation or speaker at your club meeting, or went to HGR as a group), Fundraising (events big or small, as well as donations made via remittance form), or Communication (how did you promote your HGR related events to the community and to your members). Remember to use the old "cut and paste" method to save time.

If you have any questions as to whether something is reportable and where, feel free to contact me. I will help you brainstorm where to report it. You are doing fantastic work impacting the lives of girls and women everywhere, including those at Hacienda. Now is the time to brag a little!

When I start judging the reports in the Spring (February 1 is your reporting deadline) I will be especially interested in creative approaches and activities, as well as those that involved most of your club members and even the community. But no matter how much you did, please report it. More details about what I will be looking for are in the first bulletin.

Thanks for all your efforts to make a difference.
