Welcome to the GFWC Florida Scrapbook Competition. By way of introduction, this is an annual event, held each year at the Fall Board in Orlando. It is open to all of our Federated Clubs in Florida. Whether this is your first contest or you have entered before, you will find that your Scrapbook is treated as a very special book. Your book may be digital or traditional.

**Digital** means totally digital with no added-on features, such as stickers, drawings or memorabilia, ribbons, decorations. The pages should look like a page in a book.

**Traditional** means you can include the above and also have digital entries.

Your book should speak for itself as to the past year and the judges should be able to follow along in chronological order, from your pages. Use your narratives to tell the story of your event. Remember to include functions from your Club level, District and State. Unique to our rules, is the inclusion of specific pages, such as a title page, lists of officers at various levels in the organization, plus rules concerning dimensions and stability of the book. Scrapbooks must be registered and retrieved at the specified times on the Fall Board program.. GFWC Florida is not responsible for books that are not picked up.

The Scrapbooks must be produced in the immediate past year and that year must be reflected on the cover. A club member or club members must have done all the work on the Scrapbook. Your book cannot have been entered into any other GFWC Florida contests.

Keep in mind that your scrapbook is a wonderful record of your club history for one year. It is a record of the great times you enjoyed together in the service of others in your community, district, state, nationally, and yes, even internationally. Judging is done on a point system for best cover, organization and content, artistic quality and overall effect.

Please call or e-Mail me if you need any further clarification. I prefer e-Mail, which gives me a chance to give you a complete and thoughtful response. Start now, so that your Scrapbook will be ready for next September.

I refer you now to [www.gfwcflorida.org](http://www.gfwcflorida.org) to carefully read the rules.
