Thanks to all the clubs that reported on Leadership. I was very pleased to see all the different ways clubs make Leadership a priority. A continuation of these efforts will not only benefit your club, but your community and the state as well.

As you get together with your club over the summer to work on your calendar for the coming year, please keep this in mind. DO have Leadership workshops or programs. In addition to this, think of having a mini LEADS seminar, either just with your club, or with your district. I will be more than glad to help you with this. Just e-mail me or give me a call.

Also, in your summer planning, do think of ways to raise money for Dollars for Delegates. The more members that attend the State Fall Board and Spring Convention, the more the club will benefit. REMEMBER, if a member attends any Leadership/LEADS workshop, make sure they present the information to the club and REPORT on this.

The one area that I noticed that was UNDER-REPORTED was any type of "ROOKIE OF THE YEAR" program. I know that many clubs have some kind of "special" way of honoring their new members, but only one club reported it. Remember, just because you have been doing something for a long time and/or other clubs do the same, your program still should be reported. Every club is different, so report it in detail. Do not deny your club members the chance to be recognized.

Please call on me any time to any information or help you may need. Also, do not hesitate to invite me to do a program at your club or district. I am here to work with you and for you.
